

FREETAILED
BREWING CO. SAN ANTONIO, TX

Freetail Brewing Co. was founded by Scott Metzger, Jason Davis and Gary Butler, as they embarked on a journey to re-invigorate the San Antonio craft brewing scene. When Freetail's original 1604 location opened on Black Friday of 2008, it was only the city's second operating brewery, and it sparked an adventure that includes wacky green beers, historic bottle releases, a monumental lobbying effort to change Texas beer laws, and eventually the construction of a 30,000 square foot production brewery just south of downtown. Today Freetail and its 51 employees are proud to have helped spark what is now a vibrant and diverse craft beer scene in San Antonio.

SAN ANTONIO PALE ALE

STYLE Pale Ale
ABV 5.8%
IBU 36

When quenching your thirst means more than a dash of hops, San Antonio Pale Ale fills the bill with its big bouquet of fruit and floral aromas of El Dorado from the American Northwest and Huell Melon from Bavaria. Hoppy, but less bitter than its India Pale Ale progeny, San Antonio Pale Ale appeals to those in search of a sessionable brew that doesn't wreck the palate, but leaves it longing for another. Savor this sipper on the Riverwalk, during Fiesta, at a back yard barbecue—but savor it with us in celebration of 300 years of puro San Anto tradition.

¡Salúd!
